

Lift the Cross [Lyrics, 86 bpm, 6/8]

[The Well Church] by Ryan Huggins

V1

We come, with wounds and waste
Our baggage lay at the feet of Jesus
Call on your name
For You alone save Our hearts they trust you
So come, oh come

Chorus 1

We turn our heads, respond with lifted hands
And fix our eyes on You and all You've done
Recall Your fame, Sing loud Your praise
Remember we're all sinners you have won

~~~~~  
Oh, we lift the cross.

## V2

We fall, on our face  
Our hearts prostrate at Your matchless Glory  
Come, and have your way  
We are your clay, Our hearts they trust you  
So come, oh come

## Chorus 2

We turn our heads, respond with lifted hands  
And fix our eyes on You and all You've done  
Recall Your fame, Sing loud Your praise  
Remember we're all sinners you have won  
Oh, we lift the cross.

## Bridge

So come like a shower, Your gospel is power  
We need it to change us  
Our hearts are so calloused, our souls out of balance  
We need You to shape us (x3) (Last time: So come,  
Oh Come)

## C3:

We turn our heads to where you trampled death  
And love flowed down til hell was overrun  
Recall the day, when you left that grave  
So even death itself was overcome  
Oh, we lift the cross
